

Halifax Convention Centre Information

Entrances and Access to Convention Centre

Public Entrances

There are two (2) primary public entrances to the Halifax Convention Centre: Argyle Street and Grafton Street. Argyle Street is the preferred entrance for organized transportation and Grafton Street is easily accessible via the hotel and retail shops. The Halifax Convention Centre is also accessible from the facility public parking garage via elevator.

Loading Docks/Access Procedures

The Halifax Convention Centre loading dock area is located on Market Street in downtown Halifax and is comprised of five (5) docks with the following details:

- ⇒ Dock 3: Accommodates up to a 5 tonne truck; is equipped with a scissor lift.
- ⇒ Dock 4: Accommodates up to a 14' cube van with direct access to the freight elevator for ground loading.
- ⇒ Dock 5: Accommodates up to a 14' cube van with direct access to the freight elevator for ground loading.
- ⇒ Dock 6: Accommodates up to a 53' trailer and is equipped with a dock leveller.
- ⇒ Dock 7: Accommodates up to a 53' trailer and is equipped with a dock leveller.

Loading dock areas are for temporary pick-up and delivery only.

Parking is prohibited.

The loading dock is equipped for broadcasting mobiles (BENG box connection) outside on Market Street and inside the receiving area for docks 6 and 7.

Hand Carry Entrance

Exhibitors may use the Argyle Street, Grafton Street, or parking entrances to transport materials they can carry in one trip to their booths. Examples of acceptable hand-carry materials include: boxes, suitcases or fiberboard shipping cartons, portable displays on wheels and small luggage racks.

The following items are not considered hand-carry items: two (2) wheel dolly loads, hotel bell-hop carts, boxes or crates requiring two (2) people to carry. Items of this nature must be brought into the facility via the Market Street loading dock entrance.

The public entrances and loading docks are secured at the end of event activities each day.

Halifax Convention Centre Information

Exhibits, Trade Shows

Freight Elevator

Two (2) freight elevators, each with 20,000 lbs capacity

Dimensions: 10'W x 21'10"L x 10'H

For safety reasons, materials, excluding hand-carry items, cannot be transported via the public elevators or on the escalators.

Freight Shipments

The Halifax Convention Centre cannot accept freight or material shipments prior to the licensed contracted move-in times of an event. Early deliveries must be arranged through the Halifax Convention Centre official trade show services partner, Global, for advance warehousing options.

Advance freight that arrives to the Halifax Convention Centre will be re-routed to Global's warehouse and they will contact the shipper to make financial arrangements for storage, as well as shipping to the Halifax Convention Centre.

Freight Delivery to Booth

For all trade show, meetings, or events, Global must be employed to manage and move freight within the facility.

Stranded Freight

Stranded freight left at the end of an event will be collected by Global, and they will contact the shipper to make financial arrangements for storage and return shipping. Any goods left on the premises after an event are the responsibility of the shipper.

Electrical—Extra

Individual exhibitor electrical requirements must be coordinated through Global Convention Services Ltd. who will work with Halifax Convention Centre staff to coordinate safe and effective electrical services for individual exhibitor electrical orders.
