CONTINUOUS RENEWAL FAQS

What is Continuous Renewal?

The CACCN "Continuous Renewal" feature allows for continuous renewal of your membership on its expiry date if you pay via credit card. You will no longer have to worry about remembering to renew! Following the completion of your membership application, CACCN will charge membership dues to your credit card. Following this, CACCN will continuously charge your credit card for a one-year membership renewal on or about your expiry date. With this worry-free feature, your membership benefits will continue without interruption!

How do I sign up?

- 1. When completing membership online and via credit card, members are automatically included in the Continuous Renewal Program.
- 2. On your next renewal date, CACCN will renew your membership using the credit card information on file.
- 3. Let us know if your credit card information or expiry date changes, by emailing caccn@caccn.ca, calling 1-866-477-9077 / 519-649-5284.

How does it all work?

Provided you continue to meet membership criteria (active or associate), your continuous renewal participation will continue until <u>you choose</u> to cancel your membership or opt out of the program. If there is a change in CACCN membership dues prior to continuous renewal, the newly determined fees will be applied. Any change in membership dues are communicated well in advance of implementation.

Does CACCN store my credit card information?

No, CACCN does not store your credit card information in our database nor in any record held at National Office. All credit card information is explicitly stored with the credit card processing company Eigen Developments. Eigen Developments meets and exceeds all industry standards in PDI compliance in ensuring the financial safety of our members. CACCN will maintain a record of those participating in the program via membership number and contact information.
