CACCN has been actively providing critical care education for 40 years!

We come together each year at the **Canadian Critical Care Nursing Conference** to **REimagine, REdefine, and REinspire** ourselves, our careers, our colleagues, and nursing in Canada.

The conference allows you to share and learn the latest on a multitude of topics, and to hone your skills both clinical and professional through Fast & Focused, Concurrent, Plenary, Oral Poster, and Poster presentations.

This national event also provides an excellent opportunity to network with nurses, interprofessional colleagues and industry providers from across the country.
