

## Registered Nurse | Critical Care Transport/High Acuity Response Team (HART)

Cranbrook, B.C

Applicable positions may qualify for up to **\$20,000 as a recruitment incentive and/or be eligible for relocation allowance**. Apply today!

Interior Health is seeking a reliable and flexible Registered Nurse to join our HART team based out of the **East Kootenay Regional Hospital (EKRH)** in beautiful **Cranbrook, BC**. When not on transport, HART RNs are actively supporting patient care at their base hospital.

This is a **Permanent Full Time (1.0 FTE)** opportunity. Shifts of work will be scheduled days and nights; rotating from 07:00 to 19:05, 19:00 to 07:05 hours.

### About this location/unit

Located in the southeastern corner of British Columbia, Cranbrook is the business capital of the East Kootenays and the largest city in the Rocky Mountain Region. Nestled on a gentle plain with scenic mountain vistas in the distance, it is considered by many to be an ideal location to raise a family or retire. Residents enjoy a variety of outdoor recreational opportunities including golf, hiking and skiing. For those who enjoy more urban pursuits, there are shops, boutiques and cafes, as well as an arts centre and heritage attractions. Cranbrook's economy is driven primarily by mining, forestry, transportation, and tourism.

### Qualifications

- ❖ Graduation from an approved School of Nursing with current practicing registration with the British Columbia College of Nurses and Midwives (BCCNM)
- ❖ Successful completion of an accredited critical care training course and/or certificate, a minimum of three years recent related experience caring for critically ill/injured patients including experience performing inter-facility patient transfers; or an equivalent combination of education, training and experience
- ❖ Successful completion of an accredited trauma course such as Transport Nurse Advanced Trauma Course, International Trauma Life Support Course (ITLS), Trauma Nursing Care Course (TNCC), Pre-Hospital Trauma Life Support Course (PHTLS); or an equivalent combination of education, training and experience
- ❖ Current certification in Basic Cardiac Life Support
- ❖ Current valid BC Driver's License
